

## Critical Illness Insurance

pays money directly to you when you're diagnosed with certain serious illnesses.

### How does it work?

If you're diagnosed with an illness that is covered by this insurance, you'll receive a benefit payment in one lump sum. You can use the money however you want.

### Why is this coverage so valuable?

- The money can help you pay out-of-pocket medical expenses, like co-pays and deductibles.
- You can use this coverage more than once. Even after you receive a payout for one illness, you're still covered for the remaining conditions. If you have a different condition later, you can receive another benefit.
- This insurance pays you once for each eligible illness. However, the diagnoses must be at least 90 days apart, and the conditions can't be related to each other.

### What's covered?

- Heart attack
- Blindness
- Major organ failure
- End-stage kidney failure
- Benign brain tumor
- Coronary artery bypass surgery
- Coma that lasts at least 14 consecutive days
- Stroke whose effects are confirmed at least 30 days after the event
- Occupational HIV
- Permanent paralysis of at least two limbs due to a covered accident

### Why should I buy coverage now?

- It's more affordable when you buy it through your employer.
- The cost is conveniently deducted from your paycheck.
- You can keep coverage if you leave the company or retire. You'll be billed at home.

### What else is included?

#### A Wellness Benefit

Every year, each family member who has Critical Illness coverage can also receive \$50 for getting a health screening test, such as:

- Blood tests
- Chest X-rays
- Stress tests
- Colonoscopies
- Mammograms
- And other tests listed in your policy

#### A Recurrence Benefit

You can receive an additional payment if you have a second occurrence of benign brain tumor, heart attack, coma or stroke — as long as 12 months have passed between the two diagnoses. The Recurrence Benefit pays 50% of your coverage amount.

Please refer to the policy for complete details about these covered conditions. Coverage may vary by state. See exclusions and limitations.

**Effective date of coverage:** Coverage becomes effective on the first day of the month in which payroll deductions begin.

Employees must be legally authorized to work in the United States and actively working at a U.S. location to receive coverage. Spouses and dependent children must reside in the United States to receive coverage.
